

Fact Sheet

About Agility

Agility is a global logistics company with \$5.2 billion in annual revenue and 26,000+ employees in more than 100 countries. It is one of the world's top freight forwarding and contract logistics providers, and a leader and investor in technology to enhance supply chain efficiency.

Lines of Business

Agility's core commercial business, Global Integrated Logistics (GIL), is one of the world's top freight forwarders and providers of contract logistics. It offers ocean, air and road freight, warehousing and distribution, and integrated supply chain services in more than 100 countries. Agility GIL also provides specialist solutions for capital projects, oil and gas, chemicals, and fairs and events logistics.

Agility Logistics Parks is one of the largest private owners and developers of warehousing and light industrial parks in the Middle East, Africa and South Asia. It funds, builds and manages world-class facilities and infrastructure that help companies operate in the world's fastest-growing markets.

Agility's subsidiary companies offer fuel logistics, airport services, commercial real estate and facilities management, customs digitization, and remote infrastructure services.

Employees

More than 26,000 employees
